

SPX Series

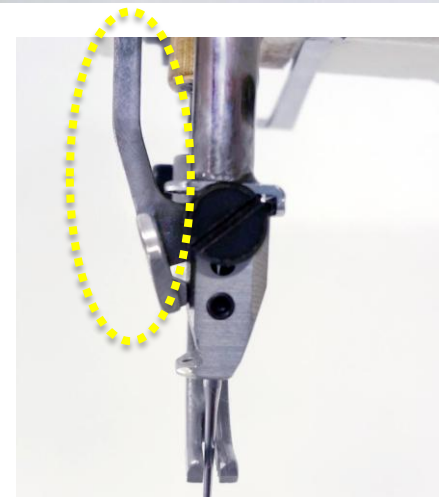

Upper Feed System

Equipped with a dial knob, micro adjustment is possible for feed amount.

Specially Designed Looper

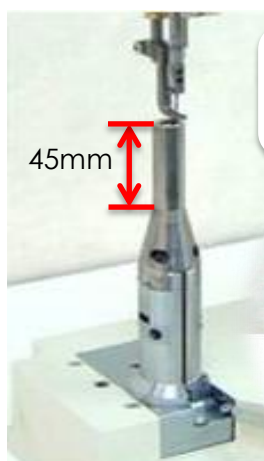

Can contribute to productivity, since there is no need for a bobbin. Also, it needs no adjustment at all.

Needle Thread Catching System

(only for SPX211)

Prevents skip stitches by securing the need thread feeding

SPX101

1.5mm in diameter for heavier fabrics

SPX211

10 mm in diameter, for narrower area

Application	Material	Needles	No. of Needles, threads	Needle bar stroke	Max. Stitch length mm/stitch	Feed type	Max speed
Work Glove	Light ~ Heavy	UY-128LE 14~16	Needle : 1 Thread : 2	23mm	3.5	Upper Feed	900
