

NW8803GEK

3 needle, flatbed, high speed, top and bottom cover stitch machine with right side fabric cutter

※ The machine in the left picture is equipped with optional devices 'MK-1' and 'direct drive motor'.

FRONT

BACK

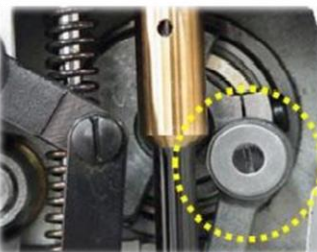

Right side fabric trimmer
The fabric cutter trims the right side of fabric in order to arranged the fabric edge to the right needle

Optional metering device
'MK-1' metering device can be attached in order to insert the elastic tape stably. also, since the 'MK-1' device reads the signal from the motor encoder, using 'Direct drive motor' is recommended.

New oil seal
The needle bar and the presser foot bar are equipped with the new oil seal that protects your product from oil stains

Needle bar stroke
Can be changed with a flat head screwdriver from 31mm to 33mm easily.
DLC coated needle bar
A DLC(Diamond Like Carbon) coated needle bar ensures durability and reliability.
