

DX9706-MLH

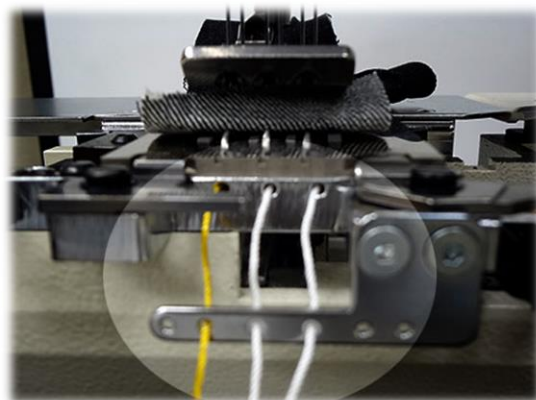

DX series is cylinder bed (circumference 340mm), double chain stitch machine with horizontal looper movement mechanism. Pintuck Sewing Machine for Denim.

Add unique designs to denim wears

This special machine provides a beautiful design and detail to your garments

How the machine works

The machine has 3.2-7-3.2-7-3.2mm or 3.2-5-3.2-5-3.2mm gauges. The gauge parts can form three tucks (protrusions) when the fabric comes in.

Codes for extra support

The mechanism gives an additional support to the protrusions. Machine also operates just fine without codes as well.

Application	Fabric Weight	Type of needle	No. of Needle & Thread	Gauge (mm)	Needle bar stroke	Stitch length	Diff. feed ratio	Presser foot lift (mm)	Max speed
									
Jeans	Heavy	TVx5 #14~16	Needle: 3 Thread: 9	*mentioned above	33	2.7~4.5 mm	N/A	12	3500
